About Our Client

My client is a leading food manufacturer with sites across Australia, due to continued growth they are looking for an experienced Production Manager to lead a large team across 2 shifts.

Job Description

With a safety-first approach and a continuous improvement mindset the Production Manager will be responsible for managing day to day plant operations while ensuring a high level of customer satisfaction through the on-time delivery of high-quality products.

Responsibilities include:

- Ensuring new starters are on boarded effectively and paired up with a buddy
- Ongoing review of training programmes for supervisors, team leaders and production staff
